President's Message

Thanks to all the members who attended our February Club meeting. The members in attendance were treated to a presentation on canine cancer by Santa Fe Vet Dr. Jeanette Kelly. She presented information on prevention and treatments. As we know, our breed is susceptible to lymphoma, and if discovered early it can be treated. She noted that cancer is not necessarily a death sentence, that it can be managed. Also, don't forget the Fish Oil as a supplement and Plaque Off to help prevent dental problems.

Our next meeting will be Sunday March 24, 2013 at Anne and Mark Wilson's home. We will again meet indoors and discuss the needs for the upcoming Fun Match (April 20th) and Specialty (May 10th). These are both labor-intensive activities and we will need as many members as possible to assist. Plus, we have some new members, and we want to get to know all of you!

Welcome to our new members Christy and Gary Stern!
